Are Standards Provided?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
If yes - Please Describe (e.g. footpath width, gradients etc.)		
Topics of the guideline	Visual disfunctions, lighting, contrast and color, sound signals, door opening, equipment arrangements, detail planing, safe kitchen, stairs and ramps, elevators.	
Description of the guideline	The publication is dedicated mainly to PRM who despite their disability are able to introduce different changes themselves or they can point out the changes that need to be carried out in order to help them to function. This paper is also dedicated to families of PRMs or specialists. The guidelines included are helpful also to persons who have never before arranged spaces for visual impaired people. This publication is a set of recommendation proposals as the requirements may differ depending on individual habits, level of impairment, age, adaptation ability to new conditions.	
Execution (one pick only)	<input checked="" type="checkbox"/> Advisory	<input type="checkbox"/> Partly mandatory
	<input type="checkbox"/> Mandatory (Legally binding)
